XI. Public Hearing Items

- 1. P2025-036** - Hold a public hearing to discuss and consider a request by the City of Rockwall for the approval of an **ordinance** for the abandonment of public right-of-way situated between E. Washington Street and Denison Street and a Final Plat for Lots 1-5, Block A, Houston-Rose Addition being a 1.956-acre tract of land identified as Lots 1-4, Block T; Lots 1-4, Block U; Lots 1-3, Block V; and Lots 1-3, Block W, Rockwall OT Addition and Lots A & D, Block 8, Griffith Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, addressed as 301 & 303 Denison Street, 203-305 Fannin Street, and 306 & 308 E. Washington Street, and take any action necessary **(1st Reading)**.

Planning Director, Ryan Miller provided background information regarding this agenda item. On February 5, 2024, the City Council approved a motion directing staff to proceed with a Right-of-Way Abandonment Program that would abandon certain unimproved rights-of-way in the City of Rockwall, deeding these lands to the adjacent property owners at no cost. The basis of this decision was in accordance with Subsection 311.007, Closing of Street or Alley by Home-Rule Municipality, of Chapter 311, General Provisions Relating to Municipal Streets, of the Texas Transportation Code, which grants a home-rule municipality the power to vacate, abandon, or close a street or alleyway; and, in accordance with Subsection 272.001(b) of the Texas Local Government Code, which provides that land -- including streets or alleyways -- owned in fee or used by easement by a political subdivision of the State, may be conveyed, sold or exchanged for less than fair market value with one (1) or more of the abutting property owners who owns the underlying fee. The unimproved right-of-way for Rose Street that exists between E. Washington Street and Denison Street was originally established prior to November 2, 1900 based on the October 1900 Sanborn Maps. Based on the current condition of the rights-of-way, they were never utilized as a public street or alleyway (see Figure 2), and currently have unpermitted paving/parking improvements situated within them. In accordance with the City Council's direction, staff began the process of abandoning this right-of-way on February 28, 2025 by sending the property owners a Letter of Intent (see the attached Letters of Intent). Once all property owners had signed their letters of intent, staff engaged with Teague, Nall and Perkins, Inc. to prepare a subdivision plat for the seven (7) properties and the abandoned right-of-way. If the City Council chooses to approve the abandonment of public right-of-way and Final Plat for Lots 1-5, Block A, Houston-Rose Addition, staff would propose the following conditions of approval:

- (1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this Final Plat; and,**
- (2) The Final Plat shall not be filed until after the second reading of the ordinance abandoning the right-of-way.**
- (3) Any construction resulting from the approval of this Final Plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.**

This public hearing has been advertised in accordance with the TX Local Government Code. Also, on October 28, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Final Plat

by a vote of 7-0.

Mayor McCallum opened the public hearing, but no one came forth to speak. He then closed the public hearing.

Councilmember Thomas moved to approve Z2025-036. Campbell seconded the motion. The ordinance caption was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 25-

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, CLOSING, ABANDONING AND VACATING A DEDICATED PUBLIC ALLEYWAY MORE SPECIFICALLY DESCRIBED AND DEPICTED IN *EXHIBIT 'A'* OF THIS ORDINANCE AND CONVEYING THE RIGHT-OF-WAY TO THE ADJACENT PROPERTY OWNERS IN THE MANNER DEPICTED IN THIS ORDINANCE; IDENTIFYING A MUNICIPAL PURPOSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

2. **Z2025-057** - Hold a public hearing to discuss and consider a request by Kiew Kam of Triangle Engineering, LLC on behalf of Conor Keilty, AIA of Structured REA-Rockwall Land, LLC for the approval of an ordinance for a *Specific Use Permit (SUP)* for a Residence Hotel on a 2.819- acre portion of a larger 4.767-acre parcel of land identified as Lot 6, Block B, Fit Sport Life Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the FM-549 Overlay (FM-549 OV) District, generally located east of the intersection of FM-549 and Fit Sport Life Boulevard, and take any action necessary **(1st Reading)**.

Planning Director, Ryan Miller provided background information regarding this agenda item. On August 15, 2025, the applicant -- Kiew Kam of Triangle Engineering, LLC -- submitted an application requesting a Specific Use Permit (SUP) for a Combination Limited Service/Residence Hotel for the purpose of constructing a 14,204 SF LaQuinta Hampton Extended Stay Hotel on the subject property. The subject property is located east of the intersection of FM-549 and Fit Sport Life Boulevard. The applicant has submitted a concept plan for a *Residence Hotel and Restaurant (see Figure 1)*. According to the concept plan, the proposed hotel will consist of a four (4) story building with a 14,204 SF building footprint and a total of 96 guest rooms. The total proposed square footage of all the floors is 56,816 SF. In addition to the *Residence Hotel*, the concept plan (*see Figure 1*) also shows the location of the parking areas and a restaurant. The proposed facility will have access off of Fit Sport Life Boulevard and a cross access easement from the western and eastern properties (*i.e. the 7/11 Gas Station and the AmeriSports Facility*). Although a *Restaurant* is an allowed by-right land use within a Commercial (C) District, the applicant did include it within the *Concept Plan* provided by the applicant to verify that the parking met the City's requirements. Staff should note that the provided concept plan currently conforms to the parking requirements for a *Residence Hotel and Restaurant*. Specifically, Article 06, *Parking and Loading*, of the Unified Development Code (UDC) requires that a *Hotel* provide one (1) parking space per each unit and 50.00% of the accessory uses provided in the *Hotel*. Based on the provided concept plan, the required parking for the proposed *Residence Hotel* is 116 parking spaces. Staff calculated this as follows:

Residence Hotel:

- 96 Guest Rooms (1/1) = 96 parking spaces
- Storage Uses (1/1,000 SF @ 348 SF) = 1 parking space
- Office (1/300 SF @ 713 SF) = 2 parking spaces
- Restaurant (1/250 SF @ 1,688 SF) = 7/2 (as Accessory Use) = 9 parking spaces
- Fitness Center and Pool [*i.e. Health Club*] (1/200 SF @ 2,898 SF) = 15/2 (as Accessory Use) = 8 parking spaces

Restaurant: (1/200 SF @ 3,100 SF) = 31 parking spaces

TOTAL: 147 Parking Spaces

Mr. Miller shared that currently, the concept plan shows the provision of 147 parking spaces which meets the required parking spaces for the proposed uses.

Both the city's Planning & Zoning Commission and City Council previously reviewed a request from this applicant and – ultimately – the City Council remanded this case back to the Planning & Zoning Commission, expressing a desire for some certain items to be reconsidered.

If the City Council chooses to approve of the applicant's request for a *Specific Use Permit (SUP)* for a *Combination Limited Service/Residence Hotel* on the subject property, then Council may want to consider the following conditions of approval:

(1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:

(a) The development of this property shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of this ordinance for the development of a combination *Limited-Service Hotel* and *Residence Hotel*.

(b) The development of the subject property shall generally conform to the *Conceptual Building Elevations* contained in *Exhibit 'C'* of this ordinance; however, the proposed combination *Limited-Service Hotel* and *Residence Hotel* shall be subject to all of the *General Overlay District Standards* as stipulated by Article 05, *District Development Standards*, of the Unified Development Code (UDC). Review for conformance to these requirements shall be completed with the site plan submittal. In addition, a recommendation by the Architecture Review Board (ARB) shall be required prior to approval of the building elevations by the Planning and Zoning Commission. The approval of this Specific Use Permit (SUP) shall *not* constitute the approval of variances or exceptions to any of the standards stipulated by the Unified

Development Code (UDC) with regard to the design of the combination *Limited-Service Hotel* and *Residence Hotel*.

(c) The maximum overall height of the combination *Limited-Service Hotel* and *Residence Hotel* shall not exceed four (4) stories or 60-feet as depicted in *Exhibit 'C'* of this ordinance.

(d) The room composition of the proposed *Limited-Service Hotel/Residence Hotel* shall be subject to the *Room Composition Table* depicted in *Exhibit 'D'* of this ordinance.

(e) In the event that the combination *Limited-Service Hotel* and *Residence Hotel* changes *Affiliation Name* as

highlighted on the *STR Chain Scales* depicted in *Exhibit 'E'* of this ordinance, the new *Affiliation Name* shall be of a *Scale ID* of 1-5 as stated on the most recent *STR Chain Scale* contained in this exhibit.

(2) The applicant will be required to submit a site plan with building elevations, a material sample board, a landscape plan, and photometric plan prior to the submittal of engineering plans or the issuance of a building permit.

(3) Any construction resulting from the approval of this *Specific Use Permit (SUP)* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

On August 20, 2025, staff mailed nine (9) notices to property owners and occupants within 500-feet of the subject property. There are no Homeowner's Associations (HOA's)/Neighborhood Associations within 1,500-feet of the subject property participating in the Neighborhood Notification Program, so no HOAs were notified. Staff has not received any responses in favor or in opposition of the applicant's request. After the case having been remanded back to the P&Z Commission, on September 30, 2025, the Commission approved a motion to recommend approval of the Specific Use Permit (SUP) to Council by a vote of 4 ayes to 3 nays, with Commissioners Conway, Hagaman, and Schoen dissenting.

Following brief questions between Council and staff, the mayor opened the public hearing and asked the applicant to come forth and speak.

Kash Patel
14114 Dallas Parkway
Dallas, TX 75254

Geoff Tucker
5512 Dimebox Drive
McKinney, TX 75070

Varun Sharma
14114 Dallas Parkway
Dallas, TX 75254

Mr. Patel came forth and addressed Council, sharing that the room count has been reduced, pointing out that 'by right' they could establish an extended stay hotel with 107 rooms. However, he explained, he believes they are bringing more of an appealing product to the City of Rockwall, especially since they are proposing to bring a restaurant to this location, in addition to the hotel side of the project.

Mr. Tucker then spoke, sharing that he has worked for LaQuinta for thirty years. He provided a presentation to Council, showing a video of a location built not long ago and opened in Desoto, TX. Mr. Patel shared that the indoor décor (i.e. wall paintings) will be very specific to the City of Rockwall (like they were in the photos shown of the one in Desoto). Mr. Patel and Mr. Tucker pointed out that LaQuinta has evolved quite a bit over the last thirty years, with their hotel product being far different than it was many years ago. Mr. Tucker went on to share extensive details about the proposed hotel. He acknowledged that "extended stay" hotels have really gotten a bad reputation; however, he shared several reasons why these types of hotels have really gained a lot of demand and traction, especially since COVID. He pointed out that 35% of millennial travelers prefer these types of extended stay hotels, and they are also very popular for those with families. He pointed out that 40% of hotels being developed today are 'extended stay' in nature. He

explained that the Hawthorne brand (from LaQuinta) are considered a 'middle tier' project, pointing out that it is not a cheap hotel to build, and it is not a cheap product.

Following the applicants' presentation and introductory comments, Councilmember Lewis asked the applicant clarifying questions. Regarding 'cook tops,' Councilmember Lewis indicated a desire to have them omitted from inclusion in this hotel proposal. Mr. Patel shared that he is fine with leaving them out.

Councilmember Thomas asked for and received clarification on what steps will be taken to ensure the hotel will stay up to good, quality standards over time as the years pass.

Councilmember Henson thanked the applicants for clarifying a lot of the questions. He shared that Rockwall is a very affluent community, and the city has limited IH-30 frontage land remaining that is not yet developed. Clarifying dialogue took place regarding the "quality scale" that is utilized to rank hotels and where this product will fall within the scale. Indication was given that a "6" is the poorest quality of hotel, and a "1" is the highest quality. This one, per the applicant, was submitted to the city in the 1-5 range of the scale. Councilmember Henson wonders if the applicant will consider a 1 – 3 scale hotel instead of a 1-5. Mr. Patel shared that, if he were to do so, it would disallow him the opportunity to have it be a Hawthorne Suites, so – no – he is not able to do that, unfortunately.

Councilmember Jeffus shared that she has reservations about this proposal. She understands there will be a fifteen-year commitment that locks in this particular brand; however, she worries about what will happen to this hotel thereafter, in years 16 through 30. She is not in favor of this project, pointing out specific worries about other hotels in our city that have gone 'downhill' over the years, and our police are being called out to them for things such as prostitution.

Mr. Patel shared that, while he understands the concerns, he would be able to build a hotel that is extended stay 'by right' if it had only 107 rooms; however, he believes that he is bringing a better product, especially considering that he will have a restaurant incorporated into the development.

Mr. Sharma (with the applicants) then spoke, sharing that he has been running The Brass Tap at The Harbor for a number of years now, and it is a very successful restaurant that receives very high customer ratings. Following Mr. Sharma's comments, Mayor McCallum asked if The Brass Tap is up-to-date on all of its financial obligations to the City. Mr. Sharma shared that, yes, he believes it is. When asked this question by the mayor, Mrs. Smith (City Manager) shared that Mr. Sharma may want to revisit that topic and check on it because the answer he gave is essentially incorrect.

The mayor went on to share some additional concerns, especially related to the quality of hotel that is being proposed. He prefers that it be a brand hotel that falls in the "1 to 3" range (higher quality) than one that is in the "1 to 5" range. He expressed that he has a lot of concerns and is essentially not in favor of what is being proposed.

Councilmember Thomas asked for and received from Mr. Miller clarification on the SUP that was previously approved by (a prior) Council some time back. He explained that the SUP previously approved is actually set to expire in December.

Following additional dialogue, the mayor then asked if any member of the public would like to speak at this time during the public hearing.

**Bob Wacker
309 Featherstone
Rockwall, TX**

Mr. Wacker came forth and shared that he wonders what would make people want to come to Rockwall to stay at such a highly-graded hotel (such as Great Wolf Lodge) if one were to be built here. What would the 'draw' be, he wonders.

**Kevin Folsom
1115 Bayshore
Rockwall, TX**

Mr. Folsom shared that he stays at these sorts of hotels often, and some are good and some are not so good. He does agree with Councilmember Thomas having expressed a desire to have reassurances of reinvestments into the property over time to ensure it is kept at a high quality.

There being no one else wishing to come forth and speak at this time, Mayor McCallum then closed the public hearing.

The Mayor went on to share that our Hilton Hotel is very successful and he does believe that the City needs to keep the standards really high. He does not believe that this proposal raises to the level of 'great' as far as quality is concerned.

Councilmember Lewis briefly commented and then moved to approve Z2025-057. The mayor initially indicated the motion died for lack of a second. However, he then called upon Councilmember Thomas, who did provide a 'second' to Councilmember Lewis' motion. He then provided several comments, in part expressing that the "1 to 5" proposed (quality) scale (out of a scale of up to 6, which is the poorest quality rating) is something he is just not comfortable with. Following additional dialogue, The ordinance caption was read as follows:

**CITY OF ROCKWALL
ORDINANCE NO. 25-XX
SPECIFIC USE PERMIT NO. S-3XX**

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) [ORDINANCE NO. 20-02] OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) FOR A COMBINATION LIMITED-SERVICE HOTEL AND RESIDENCE HOTEL ON A 2.819-ACRE PORTION OF A LARGER 4.767-ACRE PARCEL OF LAND IDENTIFIED AS LOT 6, BLOCK B, FIT SPORT LIFE ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE SPECIFICALLY DESCRIBED AND DEPICTED IN EXHIBITS 'A' AND 'B' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion to approve Z2025-057 failed by a vote of 2 ayes to 5 nays (Jeffus, Moeller, McCallum, Campbell and Henson).

Action Item #2 was addressed next by Council.

XII. Action Items

1. **Z2025-062** - Discuss and consider a request by Sairong Cheng of Joyful Claw, LLC on behalf of Jeff Carter of PA Harbor Retail, LLC for the approval of an **ordinance** for a Specific Use Permit (SUP) for *Indoor Commercial Amusement/Recreation* on a portion of a 12.89-acre parcel of land identified as Lot 8, Block A, the Harbor-Rockwall Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 7 (PD-7) for limited General Retail (GR) District land uses, addressed as 2071 Summer Lee Drive, Suite R103, and take any action necessary (**2nd Reading**).

This item was placed as an “Action Item” instead of on “Consent” this evening since it did not receive unanimous approval at the last meeting. Councilmember Lewis commented that he was the lone vote in opposition of this item. Following brief comments, Councilmember Thomas moved to approve ZX2025-062. Councilmember Henson seconded the motion. The ordinance caption was read as follows:

**CITY OF ROCKWALL
ORDINANCE NO. 25-71
SPECIFIC USE PERMIT NO. S-383**

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 7 (PD-7) [ORDINANCE NO. 17-11] AND THE UNIFIED DEVELOPMENT CODE (UDC) [ORDINANCE NO. 20-02] OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW INDOOR COMMERCIAL AMUSEMENT/RECREATION ON A PORTION OF A 12.89-ACRE PARCEL OF LAND IDENTIFIED LOT 8, BLOCK A, HARBOR-ROCKWALL ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE SPECIFICALLY DEPICTED IN EXHIBIT ‘A’ AND EXHIBIT ‘B’ OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 ayes to 1 nay (Lewis).

2. **MIS2025-018** - Discuss and consider a request by Noah Dawit for a Special Request for an *Exception* to the *Exterior Material* requirements of Planned Development District 75 (PD-75) for a 0.688-acre tract of land identified as a portion of Lot 776A and all of Lots 774A & 775A of the Lake Rockwall Estates #2 Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single-Family 7 (SF-7) District land uses, addressed as 370 Eva Place, and take any action necessary.

Planning Director, Ryan Miller provided background information regarding this agenda item. On October 9, 2025, the Board of Adjustments (BOA) approved a motion to grant a special exception for *Case No. BOA2025-3-V* by a vote of 4-2, with Board Members Carr and Rohlf dissenting. This case was a request for the expansion of a *legally non-conforming structure*. More specifically, the applicant -- *Noah Dawit* -- was requesting to elevate an existing manufactured home, located at 370 Eva Place, above the base elevation using wooden stilts. This request was made in accordance with Subsection 04.03(H) of Article 02, *Development Review Authority*, of the Unified Development Code (UDC) -- *which allows the Board of Adjustments (BOA) to authorize special exceptions for the expansion of a legally non-conforming structure* --

and which states the following:

Expansion of a Non-Conforming Structure. To authorize the enlargement, expansion or repair of a non-conforming structure in excess of 50% of its current value. In such instance, the current value shall be established at the time of application for a hearing before the Board of Adjustments (BOA). If such expansion or enlargement is approved by the Board of Adjustments (BOA), all provisions of the district in which such structure is located shall apply to the new construction on the lot or parcel.

A copy of the approved order and the minutes from this case have been provided to the City Council for review. Since the Board of Adjustments (BOA) granted the special exception request, the applicant is required to meet all provisions of Planned Development District 75 (PD-75), which stipulates finishing the exterior of the structure in a minimum of 80.00% standard masonry materials and which may utilize a total of 60.00% HardiBoard or a similar cementitious material (*i.e. 50.00% of the 80.00% masonry requirement [i.e. 40.00% of the façade] with the remaining 20.00% able to be any building material allowed by the City*). Alternatively, since the existing manufacture home is being expanded this request could also be seen as falling under the *Manufactured Home Replacement* program, which stipulates that all new manufactured homes meet the following minimum standards:

- (1) The manufactured home shall be permanently attached to a concrete foundation.
- (2) The primary roof pitch is a minimum of 3:12 inches.
- (3) At least 90.00% of the exterior materials, including the skirting material, excluding doors and windows, must be comprised of HardiBoard lap siding or a similar durable cementitious lap siding material with a minimum width of 6¼-inches.
- (4) The proposed manufactured home is newer and larger in living space than the prior manufactured home.

Based on these requirements, the applicant is requesting a *Special Request* in accordance with Subsection 3(c) of *Ordinance No. 16-01 [Planned Development District 75 (PD-75)]*.

Following Mr. Miller's briefing, the mayor opened up the public hearing and called forth the applicant to speak first.

Juan F. (representing Noah Dawit)
370 Eva Place

Juan indicated that he is speaking on behalf of the applicant and is requesting approval of this request this evening.

Councilmember Lewis moved to deny MIS2025-018. Mayor Pro Tem Moeller seconded the motion, which passed by a vote of 7 ayes to 0 nays. The mayor announced that the case has been denied.

At 7:24 p.m., the mayor recessed the meeting calling for a brief break. The mayor called the meeting back to order at 7:32 p.m.

3. Discuss and consider a status update from the Rockwall Area Chamber of Commerce regarding Hotel Occupancy Tax ("HOT") funding received from the City and regarding programs offered through the Convention & Visitors Bureau (CVB) on behalf of the City of Rockwall.

Jodi Willard with the Rockwall Area Chamber of Commerce then came forth and briefed the Council on recent CVB efforts related to promotion of the City of Rockwall as a top tourist destination within the State of Texas. Council thanked Mrs. Willard for her efforts and took no action following her report.

4. Discuss and consider a recommendation of denial from the city's Park Board related to a request from Josh Williams of Prestige Water Sports of Dallas for approval of concession agreement to conduct charter trips and watercraft rental operations at The Harbor and take any action necessary.

Parks Director, Travis Sales, provided background information pertaining to this agenda item. He explained that this request is for a private business to enter into a concession agreement with City of Dallas and City of Rockwall for boat rentals on Lake Ray Hubbard off a privately installed dock at The Harbor. He explained that this request went to Park Advisory Board on June 3, 2025 and September 8, 2025. The Park Advisory Board denied the request on September 8, 2025 with Park Board Member Fowler having made a motion to deny the request and Board Member Kruger seconding the motion, which passed with a 4-2 vote with Hasenyager and McEwen voting "NO" and Taft abstaining due to being a new member at first meeting.

Tiana Frazier (1551 Oak Lawn Ave., Apt. 315 – Dallas, TX) and Josh Williams (3004 Fallbrook Drive- Rockwall, TX 75032) then both came forth, indicating they are both speaking on behalf of Prestige Water Sports of Dallas. The applicants each provided information regarding each of their educations, work experience and backgrounds. They also played three promotional / explanatory videos for the Council to further explain the types of boats – including a Lamborghini Jet car boat, a yacht, and jet ski(s) - they're proposing to offer as part of this business for which they are seeking a city concession agreement. They went on to speak for a very long time, extensively, concerning their business, including things like hours and months of operation, staffing, safety rules and training, and projected revenues and that they hired and got an engineer who has indicated that operating in the area of The Harbor (existing docks) will essentially not be problematic. Also, at some point during their quite lengthy presentation, they indicated that they've retained the following individual who would build the dock off of which they would operate this business, if it is approved by Council:

Robert Binder with JEP Marine Construction, Inc.
1593 N. Munson Road
Royse City, TX 75189

Mr. Binder briefly came forth and introduced himself.

During the overall discussions, indication was given that this business was operating at The Harbor and on Lake Ray Hubbard for some period of time without having first obtained proper permissions and without getting the correct agreement(s) in place, and they were asked to cease doing so. There was (at least) on additional incident in which they were known to have continued on, despite having been asked to stop operations. Mr. Williams provided explanatory comments regarding that particular incident, essentially indicating he and some friends/family members were on the watercraft on that particular day.

Following Ms. Frazier's and Mr. Williams' lengthy comments, questions/answers, and associated dialogue, Mayor McCallum shared that he personally has concerns about potentially overruling the Park Board. Councilmember Campbell expressed a desire to be sure the liability insurance coverages are adequate to ensure that individuals on our lake are protected.

Mayor McCallum asked and received from the city attorney clarification regarding what the Council may need to do regarding possible action this evening concerning this request.

Councilmember Lewis expressed concerns about this request, including not really understanding the Engineer's letter that the applicant has provided and also having consternation about potentially going against a denial by the Park Board.

Mayor Pro Tem Moeller acknowledged that the speakers have given indication of proper training, certifications and credentialing that is planned for staff members operating the watercraft; however, he asked for and received some additional clarification, in part pertaining to the jet car boat and its speed and safety.

Councilmember Henson shared that he loves water sports, sharing that it is a great lifestyle. He shared that he and his wife several years ago operated a marina that included boat rentals and jet ski rentals for many years. He provided brief comments about some "what ifs" if the City ever decided to get involved in the boat rental business. He went on to share that he is highly opposed to this request at The Harbor, and he encouraged them to consider approaching existing marinas to try and enter into an agreement with one of them.

Mayor McCallum reminded Council that, per the city attorney, no action on the part of Council is necessarily needed (as the Park Board has already denied this request). He entertained a motion if any Councilmember desired to make one. However, no motion was vocalized. Therefore, the mayor indicated that the Park Board's denial of the request stands.

5. Discuss and consider an **ordinance** amending the Code of Ordinances in Chapter 44, Utilities regarding the disconnection of utilities and related penalty provisions for failure to bring a property into compliance after proper notice is provided, and take any action necessary. **(1st reading)**

Frank Garza, City Attorney, provided brief background information on this item, explaining this ordinance defines the process for the city cutting off utilities to customers when it becomes necessary to do so. He explained that it is in compliance with State law and that most of these issues deal with failure to comply with city-related ordinances and/or put water quality at risk. He shared that this ordinance essentially spells out a stricter process to bring customers into compliance and to protect the city's water quality.

Councilmember Lewis then moved to approve the ordinance, as presented. Councilmember Campbell seconded the motion. The ordinance caption was read as follows:

CITY OF ROCKWALL

ORDINANCE NO. 25-____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS AMENDING THE ROCKWALL CODE OF ORDINANCES IN CHAPTER 44 UTILITIES; ARTICLES I AND V, SECTIONS 44-1 AND 44-279 TO PROVIDE PENALTY PROVISIONS AND THE OPTION TO DISCONNECT UTILITIES WHEN THERE HAS BEEN A FAILURE TO BRING THE PROPERTY INTO COMPLIANCE; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF \$2,000 FOR EACH OFFENSE, PROVIDING FOR A SEVERABILITY CLAUSE, AND PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

6. Discuss and consider approval of a resolution(s) regarding submission of ballot pertaining to the Rockwall Central Appraisal District (CAD) Board of Directors election, and take any action necessary.

The mayor gave indication that Council already addressed this item early on in the meeting by taking action as a result of Executive Session (see said action noted above).

7. Discuss and consider a presentation regarding a possible May 2026 City Charter Amendment election, and take any action necessary.

The mayor indicated he placed this item on tonight's agenda. He then called forth City Attorney, Frank Garza, who then provided Council with a presentation related to possible amendments to the City Charter, including the possibility of Council passing an ordinance to call a Charter Amendment Election for May of 2026. Mr. Garza explained, in part, that the deadline to call the election would be February 14, 2026; however, the last Council meeting prior to that date is February 3rd. So, he is seeking direction from Council, asking that the Council provide him with details by next month in December regarding which of the topics / potential ballot propositions the Council would like to see if they do in fact desire to call a Charter Amendment Election for May.

Mr. Garza reminded Council that a Charter Review Commission had been appointed in October of 2024, met several times and then delivered recommendations to Council in March, earlier this year. Mr. Garza then touched on several topics of consideration within the City Charter, including some 'technical' (non-substantive) updates to the Charter as well as potential substantive changes, such as the following topics: plurality versus majority votes in order to win an election; 'resign to run' provision for running for mayor; length of total terms of service for council members and/or mayor (combined); length of time for city secretary to verify petitions; length of time associated with claims against the city; possibly having all directors be hired by the city manager but confirmed by the city council; requiring that the solid waste contract be bid every five years; and a charter review at least once every ten years.

Mayor McCallum shared that he has been working with the city attorney on these issues for the last few months. He then went on to provide his own, personal comments and opinions regarding the various city charter-related topics Mr. Garza touched on during his presentation. He believes our city should have candidates elected by majority, rather than plurality, votes. He also believes there should be a 'resign to run' provision when someone is running for the position of mayor. He also does not believe that any changes should be made to the existing terms and term limits of city councilmembers / mayors. He believes that recommendations regarding possibly changing the length of time associated with filing claims against the city, lengthening the time for verifying city petitions, and allowing Council to pass an ordinance to clean-up non-substantive Charter language in the future are all good ideas. He went on to share his reasonings behind wanting to have departmental directors 'confirmed' by the city council (but hired by the city manager). He thinks the city should always go out for bid on solid waste contracts, especially since it's a \$50 million dollar contract. He also thinks that it's appropriate for the city charter to be reviewed at least once every ten years. Mayor McCallum indicated a desire to put these topics before voters, allow them an opportunity to consider and vote on them.

Councilmember Lewis commented that this information has just been sprung on councilmembers, and he

would like to receive a copy of the presentation and have time to do his own research on what's been brought forth this evening. He shared that a Charter Review Commission did previously weigh in, and he wonders if perhaps a Charter Review Commission should weigh in again now. He also pointed out that the city council now has two (new) council members who were not seated on Council back when the Charter Review Commission came forth with its recommendations back in March.

Councilmember Thomas commented about his understanding that a lot of cities our size do require a 'majority vote' in order to be elected to City Council (versus a plurality). He also believes that a review of the city charter once every ten years is appropriate. He would like an opportunity to do some more research on some of the other topics that have been mentioned this evening.

The mayor shared that the Council previously gave a Charter Review Commission (made up of former elected city officials) a chance to look at these topics. He believes it is now time for Council to take some action on the matters. He is not in favor of going back to a Charter Review Commission at this point.

Councilmember Campbell shared that because it has been since March of 2025 since the time the Charter Review Commission made its recommendations to Council, and after hearing this particular presentation this evening, she needs 'a refresher' and some more time to consider these matters. She does not think it would be a bad idea to hear again from the former Charter Review Commission. She wants an opportunity to visit with the prior Commission and revisit the topics and the recommendations they previously conveyed.

The mayor went on to encourage Council to take a month to consider these matters and have it placed on the first meeting in December for Council to possibly take action.

Mayor Pro Tem Moeller shared that he does not believe the matters need to go back to the Charter Review Commission. He does personally have a little heartburn with the idea of the city council potentially confirming the hiring of all department heads, as he believes the city manager is capable of doing this themselves; however, he does believe the Council having a month to consider the various topics brought up this evening is appropriate.

Councilmember Henson commented that he concurs that the Charter Review Commission did a lot of work previously and the recommendations were brought forth in the Spring. So, it's now time to take some action. He does not believe it's necessary to go back to the Charter Review Commission; however, he does believe revisiting the items they considered and their recommendations would be a good idea. He sought and received clarification on what the current term limits are for councilmembers / the mayor (combined). He wonders why the city would not require all city contracts to be competitively bid. Indication was given that most other contracts already require competitive bidding, but solid waste contracts fall under an exception in state law.

The mayor again asked for this topic to be placed on the first council meeting in December for consideration, and – for now - Council took no action concerning these matters.

XIII. City Manager's Report, Departmental Reports and Related Discussions Pertaining To Current City Activities, Upcoming Meetings, Future Legislative Activities, and Other Related Matters.

1. Building Inspections Department Monthly Report
2. Fire Department Monthly Report

3. Parks & Recreation Department Monthly Report
4. Roadway Projects Update - (None this month)
5. Police Department Monthly Report
6. Sales Tax Historical Comparison
7. Water Consumption Historical Statistics

City Manager Mary Smith shared that she will send Council the presentation regarding the City Charter tomorrow. The roadway project update is not included in the packet since we have been out of money since September; however, there should be an update in there next month.

XIV. Adjournment

Mayor McCallum adjourned the meeting at 9:12 p.m.

CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
DATE: November 17, 2025
APPLICANT: Alyson DiBlasi; *Discover Lakes, LLC & Discovery Lakes Phase 1, LLC*
SUBJECT: Z2025-066; *Amendment to Planned Development District 78 (PD-78)*

The applicant -- *Alyson DiBlasi* -- is requesting to amend Planned Development District 78 (PD-78) for the purpose of allowing *Side Entry Garages* for the *Type 'A' Lots*. Planned Development District 78 (PD-78) -- *also known as the Discovery Lakes Subdivision* -- was originally established by the City Council on August 17, 2015 by *Ordinance No. 15-24*. At the time of approval, this Planned Development District allowed 507 single-family residential lots on 305.315-acres and nine (9) acres of land dedicated for General Retail (GR) District land uses. The 507 single-family residential lots consisted of three (3) lot types: [1] 121 *Type 'A' Lots* that were a minimum size of 80' x 120' or 9,600 SF, [2] 127 *Type 'B' Lots* that were a minimum size of 70' x 110' or 7,700 SF, and [3] 259 *Type 'C' Lots* that were minimum size of 60' x 110' or 6,000 SF. On August 3, 2020, the City Council amended Planned Development District 78 (PD-78) through *Ordinance No. 20-27*. This new ordinance reduced the number of single-family residential lots from 507 to 428 (*i.e. 45 Type 'A' Lots, 177 Type 'B' Lots, and 206 Type 'C' Lots*), and changed the *Type 'A' Lots* from a minimum of 80' x 120' or 9,600 SF to 80' x 200' or 32,670 SF. Contained within both *Ordinance No. 15-24* and *Ordinance No. 20-27* was the following language pertaining to garage orientation:

Subsection (3)(c)(3)

Garage Orientation. *Garages shall be provided as stipulated by Table 2: Lot Dimensional Requirements. Garages permitted for front entry maybe oriented toward the street in a Flat Front Entry format; however, the front façade of the garage must be situated a minimum of 25 -feet off the front property line. All front entry garages shall incorporate an architectural element or feature separating the individual garage openings. Swing, Traditional Swing or J -Swing garages are permitted to have a second single garage door facing the street as long as it is behind the width of the double garage door situated in the Swing configuration.*

Based on this language, the lots within the Planned Development District were permitted garage orientations in a *Flat Front Entry* and *Swing* or *J-Swing* or *Traditional Swing* configuration. This was not interpreted to incorporate *Side Entry* garage configurations at the time the ordinance was approved. Recently, the City of Rockwall adopted *Ordinance No. 25-55*, which amended the Unified Development Code (UDC) to define various types of garage orientations. With this language adopted, the applicant approached staff requesting to amend the Planned Development District to incorporate the *Side Entry* garage configuration for the larger *Type 'A' Lots*. In requesting this change, the applicant conveyed to staff that many of the custom home builders that have purchased lots in Phase 1 of the subdivision -- *which is exclusively composed of the larger Type 'A' Lots* -- have stated that they would prefer this garage configuration, and that it would provide greater variation in the façades of the homes in this phase. Based on this the applicant is proposing the following changes to the Planned Development District ordinance (*changes shown in RED*):

Excerpt from *Table 2: Lot Dimensional Requirements*

Garage Orientation	J-Swing, or Flat Front <i>or Side Entry</i>	J-Swing or Flat Front	J-Swing or Flat Front
--------------------	---	--------------------------	--------------------------

Subsection (3)(c)(3)

Garage Orientation. *Garages shall be provided as stipulated by Table 2: Lot Dimensional Requirements. Garages permitted for front entry maybe oriented toward the street in a Flat Front Entry format; however, the front façade of the garage must be situated a minimum of 25-feet off the front property line. All front entry garages shall incorporate an architectural element or feature separating the individual garage openings. *Side Entry Swing*, Traditional Swing, or J-Swing garages are permitted to*

have a second single garage door facing the street as long as it is behind the width of the double garage door situated in the Swing configuration.

These are the only changes being proposed to the Planned Development District ordinance. After reviewing the elevations of some of the proposed homes in this phase of the subdivision, staff has no objection to the applicant's request; however, this case being a zoning change, the decision remains discretionary to the City Council pending a recommendation from the Planning and Zoning Commission.

Since this case is a zoning change, staff notified all properties within Planned Development District 78 (PD-78) and within 500-feet of its boundary on October 21, 2025. This included 57 notices. In addition, staff notified the Timber Creek Homeowner's Association (HOA), which was the only Homeowner's Association (HOA) or Neighborhood Organization within 1,500-feet of Planned Development District 78 (PD-78). As of this memorandum, staff has received one (1) notice from a property owner within the 500-foot buffer in favor of the applicant's request. In addition, the Planning and Zoning Commission reviewed the case on November 11, 2025, and approved a motion to recommend approval by a vote of 6-0, with Commissioner Hustings absent. If the City Council has any questions concerning this case, staff and the applicant will be available at the November 17, 2025 City Council meeting.

(A) PURPOSE

The purpose of this PD Zoning change is to allow for an area located at the southeastern portion of the property to be developed as a high-end custom home phase, with minimum one-acre single family residential lots. It is the desire of the owner to retain all the other non-conflicting entitlements on the property per the existing PD requirements and development standards with exceptions that will be noted throughout this document. The developer recognizes and accepts that the acreage utilized for this proposed custom phase will result in a loss of development density, from 507 single family homes to approximately 428 Single family homes. The owner requests the right and flexibility to replace smaller lot types with the 0.75-acre lot type throughout future phases of the development, without the need to rezone the Planned Development District as long as the general intent and layout of the approved revised concept plan is followed and the total number of lots does not increase.

To facilitate review of the proposed PD revisions, sections and development standards that are to be revised as a part of this re-zoning request will be highlighted in yellow throughout the document. All proposed revisions have been incorporated into the attached revised concept plan.

The Discovery Lakes Subdivision is located at the northeast corner of the intersection of SH-276 and Rochell Road. The *Subject Property* is a short walk or bike ride from the Rockwall Technology Park. The Discovery Lakes Subdivision will be a master planned residential neighborhood that will incorporate two (2) lakes, several acres of open space and ~2.6-miles of hiking/jogging/biking trails. The master plan calls for 428 single-family homes. There will be several view corridors strategically placed within the subdivision along with *front loaded* lots to provide for the enjoyment of the open space. A boulevard with 85-feet of right-of-way will connect SH-276 and be constructed up to the first round-about of the one (1) acre lots. The boulevard will have a 14-foot landscape median and a 25-foot travel lane on each side of the street. The residential streets will be 29-feet back-to-back, with a 10½-foot parkway on each side for a total of 50-feet of right-of-way. A *Community Center* with a pool will be provided to add increased amenity for the subdivision. Commencement of the Community Center and pool will take place at or before the final platting of the 201st residential lot or with the addition of additional *Type 'A'* lots. Additionally, the proposed development will incorporate nine (9) acres of commercial space that will be located at the hard corner of SH-276 and Rochell Road. This area will allow for neighborhood service types of uses and eating establishments. A maximum of one (1) hotel planned to service the needs of the subdivision and the Rockwall Technology Park. A 55-acre area adjacent to the northern lake will be dedicated as public parkland to serve Park District No. 31. The Discovery Lakes Subdivision will be a benefit to the community, allowing citizens of all ages the opportunity to live, work, and play in a connected master planned community.

This can be accomplished by removing the traditional barriers utilized to separate commercial and residential developments (*e.g. screening walls*) and incorporating landscape buffers/elements (*e.g. greenspace, parkways, and etcetera*) and urban design elements (*e.g. pathways, pergolas, and etcetera*) that can create compatibility with the adjacent single-family neighborhood. To better achieve this goal and in addition to the requirements of Section 4.1, *General Commercial District Standards*, and Section 6.14, *SH-276 Corridor Overlay (SH-276 OV) District*, of Article V, *District Development*

428 Lots
 (Existing Zoning 507 Lots)
 Concept Plan
Discovery Lakes
 307 Acre Tract in Rockwall, Texas

Exhibit 'D':
Permitted Land Uses and Development Standards

(A) PURPOSE

The purpose of this PD Zoning change is to allow for an area located at the southeastern portion of the property to be developed as a high-end custom home phase, with minimum one-acre single family residential lots. It is the desire of the owner to retain all the other non-conflicting entitlements on the property per the existing PD requirements and development standards with exceptions that will be noted throughout this document. The developer recognizes and accepts that the acreage utilized for this proposed custom phase will result in a loss of development density, from 507 single family homes to approximately 428 Single family homes. The owner requests the right and flexibility to replace smaller lot types with the 0.75-acre lot type throughout future phases of the development, without the need to rezone the Planned Development District as long as the general intent and layout of the approved revised concept plan is followed and the total number of lots does not increase.

To facilitate review of the proposed PD revisions, sections and development standards that are to be revised as a part of this re-zoning request will be highlighted in yellow throughout the document. All proposed revisions have been incorporated into the attached revised concept plan.

The Discovery Lakes Subdivision is located at the northeast corner of the intersection of SH-276 and Rochell Road. The *Subject Property* is a short walk or bike ride from the Rockwall Technology Park. The Discovery Lakes Subdivision will be a master planned residential neighborhood that will incorporate two (2) lakes, several acres of open space and ~2.6-miles of hiking/jogging/biking trails. The master plan calls for 428 single-family homes. There will be several view corridors strategically placed within the subdivision along with *front loaded* lots to provide for the enjoyment of the open space. A boulevard with 85-feet of right-of-way will connect SH-276 and be constructed up to the first round-about of the one (1) acre lots. The boulevard will have a 14-foot landscape median and a 25-foot travel lane on each side of the street. The residential streets will be 29-feet back-to-back, with a 10½-foot parkway on each side for a total of 50-feet of right-of-way. A *Community Center* with a pool will be provided to add increased amenity for the subdivision. Commencement of the Community Center and pool will take place at or before the final platting of the 201st residential lot or with the addition of additional *Type 'A'* lots. Additionally, the proposed development will incorporate nine (9) acres of commercial space that will be located at the hard corner of SH-276 and Rochell Road. This area will allow for neighborhood service types of uses and eating establishments. A maximum of one (1) hotel planned to service the needs of the subdivision and the Rockwall Technology Park. A 55-acre area adjacent to the northern lake will be dedicated as public parkland to serve Park District No. 31. The Discovery Lakes Subdivision will be a benefit to the community, allowing citizens of all ages the opportunity to live, work, and play in a connected master planned community.

DATE: November 17, 2025
APPLICANT: Lisa Brooks and Rene'e Holland; *Makeway, LLC*
CASE NUMBER: Z2025-067; *Specific Use Permit (SUP) for a Daycare that Exceeds the Maximum Size in Neighborhood Services (NS) District*

SUMMARY

Hold a public hearing to discuss and consider a request by Lisa Brooks and Rene'e Holland of Makeway, LLC for the approval of a Specific Use Permit (SUP) for a *Daycare Facility Exceeding the Maximum Building Size* in a Neighborhood Services (NS) District on a 2.751-acre tract of land identified as Tract 1-04 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Neighborhood Services (NS) District, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located at the southeast corner of the intersection of John King Boulevard and Quail Run Road, and take any action necessary.

BACKGROUND

The subject property was annexed into the City on March 16, 1998 by *Ordinance No. 98-10 [Case No. A1998-001]*. At the time of annexation, the subject property was zoned Agricultural (AG) District. On April 7, 2025, the City Council approved a zoning change [*Case No. Z2025-006*] changing the zoning of the subject property from an Agriculture (AG) District to a Neighborhood Services (NS) District. The subject property has been vacant since annexation.

PURPOSE

On October 17, 2025, the applicants -- *Lisa Brooks and Rene'e Holland of Makeway, LLC* -- submitted an application requesting a Specific Use Permit (SUP) for a building exceeding 5,000 SF in size in a Neighborhood Services (NS) District to allow the construction of an 11,114 SF daycare facility.

ADJACENT LAND USES AND ACCESS

The subject property is located at the southeast corner of the intersection of John King Boulevard and Quail Run Road. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is E. Quail Run Road, which is identified as a *A4U (i.e. arterial, four [4] lane, undivided roadway)* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing north is the Gideon Grove Subdivision, which was established on May, 3, 2019, consists of 72 single-family residential lots on 29.18-acres, and is zoned Planned Development District 77 (PD-77) for Single-Family 10 (SF-10) District land uses. Beyond this is a residential subdivision that is located outside of the corporate limits of the City of Rockwall.

South: Directly south of the subject property is John King Boulevard, which is identified as a *P6D (i.e. principle arterial, six [6] lane, divided roadway)* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing south is Phase 8A of the Caruth Lake Subdivision, which was established on December 20, 2012, consists of 63 single-family residential lots on 22.66-acres, and is zoned Planned Development District 5 (PD-5) for Single-Family 8.4 (SF-8.4) District land uses.

East: Directly east of the subject property is E. Old Quail Run Road, which is identified as a R2 [i.e. residential, two (2) lane, undivided roadway] on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing east are two (2) lots (i.e. Lot 1 [1.82-acres], and Lot 2 [2.12-acres], Block A, Utley Addition) zoned Single-Family Estate 1.5 (SFE-1.5) District. Beyond this is a 17.51-acre tract of land (i.e. Lot 1, Block A, Cox Acres), which has a single-family home situated on the property and is zoned Agricultural (AG) District.

West: Directly west of the subject property is John King Boulevard, which is identified as a P6D (i.e. principle arterial, six [6] lane, divided roadway) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing west is Phase 2 of the Gideon Grove Subdivision, which was established on March 22, 2022, consists of 96 single-family residential lots on 30.06-acres, and is zoned Planned Development District 84 (PD-84) for Single-Family 7 (SF-7) District land uses.

YELLOW: SUBJECT PROPERTY

CHARACTERISTICS OF THE REQUEST

The applicant is requesting approval of a Specific Use Permit (SUP) to allow the construction of a daycare facility exceeding 5,000 SF in size on a 2.751-acre parcel of land zoned Neighborhood Services (NS) District. According to the Neighborhood Services (NS) District standards contained in the Unified Development Code (UDC), daycare facilities are permitted *by-right* when the building area does not exceed 5,000 SF. When the total building area exceeds this threshold, a Specific Use Permit (SUP) is required. Based on the applicant's submittal, the proposed building will exceed this threshold by 6,114 SF. The site plan shows the construction of a single-story daycare facility with a total building area of approximately 11,114 SF. The proposed building will be oriented toward John King Boulevard, with primary vehicular access taken from E. Quail Run Road and John King Boulevard. No access is proposed from Old E. Quail Run Road, consistent with staff's prior recommendations to limit commercial traffic adjacent to existing residential properties.

The building elevations illustrate a structure designed to complement surrounding residential development. The proposed building incorporates a combination of brick and stone masonry, neutral color tones, and pitched roof elements that reduce the

perception of massing and create a residentially compatible appearance. The overall height of the structure is approximately 20 feet, which is well below the maximum height allowed within the Neighborhood Services (NS) District.

Parking for the facility will be provided along the front and side façades of the building, meeting the minimum off-street parking requirements of the Unified Development Code (UDC). Internal circulation is designed to accommodate parent drop-off and pick-up activity while maintaining safe pedestrian access to the building entrances. A fenced outdoor play area is proposed to the rear of the building and will be enclosed by a minimum six (6) foot wrought-iron fence, consistent with the requirements of the Unified Development Code (UDC). Additional landscape buffering will be provided along all property boundaries, particularly where the property adjoins residentially zoned or used properties. Landscaping along John King Boulevard and Quail Run Road will include canopy trees, ornamental plantings, and turf areas that meet or exceed the minimum landscaping standards of Article 08, *Landscape and Fence Standards*, of the Unified Development Code (UDC).

CONFORMANCE WITH THE CITY'S CODES

According to Subsection 04.03, *Neighborhood Services (NS) District*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), the Neighborhood Services (NS) District is intended to provide for low-intensity retail and service uses that are compatible with and complementary to surrounding residential neighborhoods. The district emphasizes pedestrian-scaled design, high-quality architecture, and site layouts that create appropriate transitions between commercial and residential areas.

The proposed daycare facility generally conforms to the dimensional and site development standards for the Neighborhood Services (NS) District, including building height, setbacks, lot coverage, and off-street parking. The site layout demonstrates compliance with the landscaping and screening requirements of the Unified Development Code (UDC), and the proposed access configuration appropriately directs commercial traffic to John King Boulevard and E. Quail Run Road, avoiding Old E. Quail Run Road, which serves existing residential neighborhoods; however, the proposed driveway configuration along E. Quail Run Road does *not* meet the minimum driveway spacing requirements established by the City of Rockwall's *Engineering Standards of Design and Construction*. The minimum spacing for E Quail Run Road is 200-feet, and the proposed development provides around 150-feet from the existing drives. In addition, the irregular shape and limited frontage of the site hinder the applicant's ability to fully adhere to the City's spacing requirements. While this spacing deficiency will need to be addressed as a variance during the site plan review process, it is not anticipated to significantly hinder overall traffic circulation or site accessibility given the expected traffic volumes expected along E. Quail Run Road.

The subject property is also located within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, which establishes additional design and development standards intended to promote visual quality and corridor consistency along major roadways. These standards require enhanced site and building design, quality exterior materials, and appropriate screening and buffering for properties visible from the John King Boulevard corridor.

While the proposed site layout and use are consistent with the intent of the Neighborhood Services (NS) District and the SH-205 By-Pass Overlay (SH-205 BY-OV) District's standards, final design will be reviewed through the standard site plan process to verify compliance with all applicable building, landscaping, lighting, and screening requirements.

CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the OURHometown Vision 2040 Comprehensive Plan, the subject property is located within the *Northeast Residential District* and was previously designated for *Low Density Residential* land uses. The Comprehensive Plan describes the *Northeast Residential District* as an area characterized by established and emerging single-family neighborhoods with a predominantly residential development pattern; however, the Plan also acknowledges that neighborhood-supportive commercial uses may be appropriate at the periphery of residential areas -- *particularly along major corridors such as John King Boulevard* -- where adequate buffering and site design can ensure compatibility.

When the City Council approved the rezoning of the property from Agricultural (AG) to Neighborhood Services (NS) District on March 11, 2025, it recognized the property's potential to accommodate neighborhood-serving commercial uses consistent with the intent of the Comprehensive Plan's *Neighborhood/Convenience Center* concept. These small-scale commercial nodes are envisioned to provide everyday services -- *such as childcare facilities, personal care establishments, and professional offices* - - that meet the daily needs of nearby residents while maintaining a residentially compatible scale and character.

The proposed daycare facility aligns with the Comprehensive Plan's guiding principles for neighborhood compatibility and service accessibility. Specifically, the project supports:

- CHAPTER 08 RESIDENTIAL | POLICY 03 | GOAL 01 EXISTING RESIDENTIAL SUBDIVISIONS AND DEVELOPMENTS: Protect existing single-family neighborhoods from the negative effects of non-residential development through appropriate scale, buffering, and design. In this case, the proposed development is providing a ten (10) foot, three (3) tier landscape buffer along Old E. Quail Run Road, which will incorporate the use of the existing thick tree-line along this roadway.
- CHAPTER 09 NON-RESIDENTIAL | POLICY 03 | GOAL 04 COMMERCIAL BUILDING DESIGN: Non-residential buildings adjacent to residential properties should be designed to a residential scale to assist the transition of land uses, and mitigate any potential negative visual impacts of the commercial development. As noted in the *Adjacent Land Uses and Access* section of this case memo, there are several nearby residential subdivisions. The applicant has indicated to staff that the design of the building will reflect the style and architecture of the nearby subdivisions.

The proposed use -- *an early childhood education and daycare facility* -- is a neighborhood-serving, low-intensity land use consistent with these objectives. The project's scale, location, and function align with the City's vision for providing accessible, community-oriented services within close proximity to residential areas. The proposed daycare facility is consistent with the land use intent of the OURHometown Vision 2040 Comprehensive Plan. The project supports the Plan's emphasis on balanced growth, compatible development, and the establishment of neighborhood-scale services that enhance quality of life for nearby residents.

STAFF ANALYSIS

From a land use perspective, staff finds that the proposed daycare facility is consistent with the intent and purpose of the Neighborhood Services (NS) District. The district is designed to accommodate low-intensity commercial and service uses that support adjacent residential neighborhoods while maintaining a residentially compatible scale. The proposed *daycare facility* represents a neighborhood-serving use that would provide a needed community service to nearby residents without introducing an intensity of development inconsistent with the area's established character.

The site layout demonstrates compliance with the applicable development standards contained in the Unified Development Code (UDC), including requirements related to building setbacks, lot coverage, parking, landscaping, and screening. Vehicular access is provided from John King Boulevard and E. Quail Run Road, consistent with prior staff recommendations to avoid access from Old E. Quail Run Road, which serves existing residential homes. However, as mentioned in the Conformance to the City's Codes section of this memo, the proposed driveway configuration along E. Quail Run Road does *not* meet the minimum driveway spacing requirements established by the City of Rockwall's *Engineering Standards of Design and Construction*. This will require a variance through the site plan process. In addition, the site design includes appropriate buffering and screening, ensuring a functional and visually compatible transition between the proposed commercial use and nearby residential areas.

The property's location at the intersection of John King Boulevard and Quail Run Road also aligns with the OURHometown Vision 2040 Comprehensive Plan's direction for neighborhood-scale, service-oriented commercial uses to be located along major corridors or intersections that can safely accommodate additional traffic and limit direct impacts to residential streets.

In summary, the proposed daycare facility represents a neighborhood-serving, low-intensity use that is compatible with surrounding land uses, consistent with the Comprehensive Plan's policy direction, and appropriate within the Neighborhood Services (NS) District. With all that being said, Specific Use Permits (SUPs) are a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On October 21, 2025, staff notified 69 property owners and occupants within 500-feet of the subject property. Staff also notified the Caruth Lakes (*Caruth Ridge Estates*) and Stoney Hollow Homeowners Association (HOA), which are the only Homeowner's Associations (HOAs) or Neighborhood Groups participating in the Neighborhood Notification Program that are within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the

Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was written, staff has received three (3) notices in opposition of the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) for a *Daycare Facility* exceeding the maximum size within a Neighborhood Services (NS) District, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) The development of a *Daycare Facility* on the *Subject Property* shall generally conform to the *Concept Plan* as depicted in *Exhibit 'B'* of the Specific Use Permit (SUP) ordinance.
 - (b) A ten (10) foot landscape buffer with three (3) tiered screening (*i.e. small to mid-sized shrubs, large shrubs or accent trees, and canopy trees*) is required along E. Old Quail Run Road.
 - (c) The proposed *Daycare Facility* shall not exceed 11,200 SF.
- (2) Any construction resulting from the approval of this Zoning Change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On November 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 6-0, with Commissioner Hustings absent.

When the original zoning change was approved to allow for a day care center, why wasn't it approved for the larger size? Have the plans changed to make it larger or was there a handshake agreement to approve the zone change with fewer square feet just to get it passed, knowing a request would be submitted later to increase the size? Why is a larger facility required?

There is already enough (too much) traffic on John King as it is. It's difficult to get out of neighborhood from Quail Run as it is without the constant in and out of Day Care traffic.

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
DATE: November 17, 2025
APPLICANT: Randy Lee Aragon
CASE NUMBER: Z2025-068; *Specific Use Permit (SUP) for a Recording Studio*

SUMMARY

Hold a public hearing to discuss and consider a request by Randy Lee Aragon on behalf of Kevin Lefere for the approval of a Specific Use Permit (SUP) to allow a *Recording Studio* on a 0.92-acre parcel of land identified as a portion of Lots 2 & 3, Block S, Rockwall OT Addition, City of Rockwall, Rockwall County, Texas, zoned Downtown (DT) District, addressed as 206 E. Washington Street, and take any action necessary.

BACKGROUND

On September 27, 1861, the subject property was established as a portion of Lots 2 & 3, Block S, Rockwall OT Addition. According to the Rockwall Central Appraisal District (RCAD) the existing 2,000 SF building was constructed in 1950. According to the January 3, 1972 historic zoning map the subject property was zoned General Retail (GR) District. On September 4, 2007, the subject property was rezoned from a General Retail (GR) District to the Downtown (DT) District.

PURPOSE

The applicant -- *Randy Lee Aragon* -- is requesting the approval of a Specific Use Permit (SUP) to allow a *Recording Studio* to be established on the subject property.

ADJACENT LAND USES AND ACCESS

The subject property is addressed as 206 E. Washington Street. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is E. Washington Street [SH-66], which is identified as a A4D (*i.e. arterial, four [4] lane, divided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is a 0.270-acre parcel of land (*i.e. part of Lot 5 and Lots 7 & 7, Block L, Rockwall OT Addition*) developed as a public parking lot. Following this are several parcels of land developed with retail and restaurant land uses. All of these properties are zoned Downtown (DT) District.

South: Directly south of the subject property is a 0.230-acre tract of land (*i.e. Lots 6 & 7, Block S, Rockwall OT Addition*) developed with a vacant warehouse building. Beyond this is Houston Street, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Following this is a 0.2296-acre parcel of land (*i.e. Lots 2 & 3, Block X, Rockwall OT Addition*) developed with a public parking lot. Both of these properties are zoned Downtown (DT) District.

East: Directly east of the subject property are two (2) parcels of land, one (1) parcel is (*i.e. Lot 1, Block S, Rockwall OT Addition*) developed with a public parking lot, and the other parcel (*i.e. Lot 4, Block S, Rockwall OT Addition*) is developed with an *Office/Retail Building*. Beyond this is S. Fannin Street, which is identified as a *Minor Collector* on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Following this is a 0.230-acre parcel of land (*i.e. Lots 1 & 2, Block T, Rockwall OT Addition*) developed with a *Retail Building*. All of these properties are zoned Downtown (DT) District.

West: Directly west of the subject property is a 0.140-acre parcel of land (i.e. Lots 2A & 2B, Block S, Rockwall OT Addition) developed with a public parking lot. Beyond this is S. San Jacinto Street, which is identified as a R2 (i.e. residential, two [2] lane, undivided roadway) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Following this is a 7.3545-acre parcel of land (i.e. Lot 1, Block 1, Rockwall City Hall Addition) developed with The Center and City Hall.

MAP 1: LOCATION MAP
YELLOW: SUBJECT PROPERTY

CHARACTERISTICS OF THE REQUEST

The applicant has submitted an application, a survey, and a letter of explanation detailing the request for a *Recording Studio* on the subject property. The applicant has indicated that the existing building has a room that is already equipped to serve as a *Recording Studio*. This space was previously utilized by the previous business (i.e. *School of Rock*) to provide music lessons. In addition, the applicant has indicated that given that the subject property was utilized previously as a similar use, they feel like their request does not increase the impact on adjacent properties.

CONFORMANCE WITH THE CITY'S CODES

According to the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC) a *Recording Studio* requires a Specific Use Permit (SUP) in the Downtown (DT) District. According to Subsection 02.02, *Specific Use Permit (SUP)*, of Article 11, *Development Applicants and Review Procedures*, of the Unified Development Code (UDC), "(t)he purpose of a Specific Use Permit (SUP) is to allow discretionary consideration of certain uses that would typically be considered incompatible within certain locations of a zoning district, but may become compatible with the addition of special provisions, conditions or restrictions." In addition, Subsection 02.02(K)(15), *Recording Studio*, of Article 13, *Definitions*, of the Unified Development Code (UDC), states that a *Recording Studio* is a "...facility that provides an environment for the purposes of writing, collaborating, performing, instruction, preparing, or completing audio recordings." In this case, the applicant's request conforms to the definition provided by the Unified Development Code (UDC), and therefore is required to request approval of a Specific Use Permit (SUP).

According to Subsection 04.07, *Downtown (DT) District*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), all required parking shall be provided on site or with on-street parking that is directly in front of the site. In addition, according to Table 5, *Parking Requirement Schedule*, of Article 06, *Parking and Loading*, of the Unified Development Code (UDC), a *Music Studio -- and Recording Studio --* is required to provide one (1) parking space per 250 SF of building area. In this case, there is not any parking available on site, or along E. Washington Street [SH-66]. That being said, the parking demands required for the applicant and the prior business (*i.e. School of Rock*) do not change and therefore new parking is not required.

STAFF ANALYSIS

According to the OURHometown Vision 2040 Comprehensive Plan, the *Downtown District* is the "...cultural heart of the community and embodies the small-town atmosphere that is characteristic of the City of Rockwall." Based on this, the *Land Use Schedule* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC) restricts the permitted land uses in the Downtown (DT) District and requires a Specific Use Permit (SUP) that may be incompatible. In this case, a *Recording Studio* requires the approval of a Specific Use Permit (SUP) in the Downtown (DT) District. Prior to the applicant lease of the subject property, the established land use was a *Music Studio* operated by the School of Rock. The applicant has indicated that the subject property will continue to be used as a *Music Studio*; however, the applicant would also like to provide a *Recording Studio* as part of their business operations. Given that a *Music Studio* and a *Recording Studio* operate in similar manners, the proposed request does not appear to increase the impact on adjacent properties. With all that being said, this is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On October 22, 2025, staff mailed 134 notices to property owners and occupants within 500-feet of the subject property. Staff also sent a notice to the Bent Creek Condos and Stonebridge Meadows Homeowners Association (HOA), which are the only HOA's or Neighborhood Organization within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received any notices in regard to the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) for a *Recording Studio* then staff would propose the following conditions of approval:

- (1) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On November 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the SUP by a vote of 6-0, with Commissioner Hustings absent.

WASHINGTON STREET

RB's Sound House Recording Studio

Dear Friends, Artists, and Dreamers,

My name is Randy Aragon, I'm a local musician and manager/bartender at The Downing Bottles and Bites. I've recently leased the building at 206 E Washington st.(the old school of rock building) from Kevin Lefere, with hopes of opening a recording studio for local artists that have no way of recording their music.

As of now, I have to drive over an hour back and forth just to find a good studio to record my music, which makes it really difficult when recording and releasing my own music. This is why I decided to lease the building and begin the journey of offering recording services.

This studio will be dedicated to professionally tracking and recording local artists of all ages — one at a time — giving each artist the full attention, focus, and respect their craft deserves. I want to give people in our community a real outlet to express themselves, to release their music to the world, and to grow as artists and as people. Every session is about more than making a song — it's about building community, confidence, connection, and creative freedom.

The room that I would like to make a recording studio is one room that sits in the back right corner of the building and is already completely sound proof due to the School of Rock using it for music lessons. We will offer an affordable way to book a recording session, record your music on top quality equipment, and have it mixed and mastered all in one.

Music has always been more than just sound to me — it's been a lifeline.

There were times in my life when darkness felt heavy, when words couldn't capture the pain or confusion I was carrying. But music did. It became my way to breathe again, to find purpose when things didn't make sense, and to connect with something greater than myself.

That's why I would like to open the Recording Studio — not just as a business, but as a safe space. A place where creativity becomes therapy, where sound becomes healing, and where anyone with a story to tell can walk in and feel understood.

Music saved me, and I believe it can save others too. It has the power to reach the parts of us that words alone can't. Whether you're recording your first song or your hundredth, my hope is that this space gives you the same sense of freedom and hope that music gives me.

I also plan to team up with the Music Directors at the local schools and other music based programs, to offer them a discounted rate for their students who have dreams of making music. There is also the potential for me to donate my time through the studio to local music programs, when they have school projects that require recording services for bands, choirs, and other music related endeavors.

TO: Mayor and City Council
DATE: November 17, 2025
APPLICANT: Kevin Sayles
CASE NUMBER: Z2025-069; *Specific Use Permit (SUP) for an Accessory Structure at 24 Shadydale Lane*

SUMMARY

Hold a public hearing to discuss and consider a request by Kevin Sayles for the approval of a Specific Use Permit (SUP) for an *Accessory Structure* on a 0.417-acre parcel of land identified as Lot 21, Block A, Foxchase Phase 4 Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 9 (PD-9) for Single Family 10 (SF-10) District land uses, addressed as 24 Shadydale Lane, and take any action necessary.

BACKGROUND

The subject property was annexed on October 29, 1973 by *Ordinance No. 73-44 [Case No. A1973-006]*. On November 12, 1973, the City Council approved zoning case [*Ordinance No. 73-49*] that established the subject property as a part of Planned Development District 9 (PD-9), which dedicated the subject property for single-family land uses. Planned Development District 9 (PD-9) was then amended on June 16, 1986 [*Ordinance No. 86-55*] changing base zoning of the subject property to Single-Family 10 (SF-10) District. The City Council amended Planned Development District 9 (PD-9) an additional nine (9) times [*Ordinance No. 87-30, 88-13, 88-20, 95-17, 01-43, 04-02, 11-31, 13-43, & 24-02*]; however, none of these amendments made changes to the zoning or development standards for the subject property. On February 22, 1995, the City Council approved a final plat [*Case No. 94-35-FP*] that establish the subject property as Lot 21, Block A, Foxchase, Phase 4 Addition.

On September 4, 2025, the Neighborhood Improvement Service (NIS) Division issued a notice of violation [*Case No. CE2025-5189*] to the property owner for the construction of an *Accessory Structure* without a permit. Following the applicant's failure to submit for a Specific Use Permit (SUP) on September 12, 2025, two (2) separate citations were issued to the property. In response to this, the applicant applied for a Specific Use Permit (SUP) on October 17, 2025. Given that the proposed structure was constructed without receiving a building permit, the applicant was required to pay the \$1,000.00 *Non-Compliant Structure Fee* in addition to the standard development application fee.

PURPOSE

The applicant -- *Kevin Sayles* -- is requesting the approval of a Specific Use Permit (SUP) to allow an unpermitted *Accessory Structure* that exceeds the overall maximum allowable square footage to remain on the subject property.

ADJACENT LAND USES AND ACCESS

The subject property is located at 24 Shadydale Lane. The land uses adjacent to the subject property are as follows:

Beyond this is Phase 5 of the Foxchase Subdivision, which was established in 1998 and consists of 48 residential lots. Both phases are zoned Planned Development District 9 (PD-9) for Single Family 10 (SF-10) District land uses.

Beyond this is the remainder of Phase 4 of the Foxchase Subdivision, which was established

in 1995, consists of 40 residential lots, and is zoned Planned Development District 9 (PD-9) for Single Family 10 (SF-10) District land uses.

East: Directly east of the subject property is the remainder of Phase 4 of the Foxchase Subdivision, which was established in 1995 and consists of 40 residential lots. Beyond this is Phase 6 of the Foxchase Subdivision, which was established in 2000 and consists of 37 residential lots. Both phases are zoned Planned Development District 9 (PD-9) for Single Family 10 (SF-10) District land uses.

West: Directly west of the subject property is the Shadydale Estates Subdivision, which was established in 2014, consists of 14 residential lots, and is zoned Planned Development District 9 (PD-9) for Single Family 10 (SF-10) District land uses. Beyond this is a 2.60-acre parcel of land (i.e. Lot 1, Block A, Best Estate Addition) developed with a single-family home, zoned Single Family 16 (SF-16) District. Following this is Ridge Road [FM-740], which is identified as a A4D (i.e. arterial, four [4] lane, divided roadway) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

MAP 1: LOCATION MAP
YELLOW: SUBJECT PROPERTY

CHARACTERISTICS OF THE REQUEST

According to the site plan provided by the applicant, the unpermitted *Accessory Structure* is 20-feet by 12-feet (or 240 SF), and is situated in the rear yard of the subject property. It will be located approximately three (3) feet from the rear property line, 15-foot from the front property line adjacent to Shadydale Lane, and have a permanent concrete foundation. The applicant has not provided any additional information related to the exterior materials, overall height, or roof pitch. The current condition on the subject property is that the *Accessory Structure* was constructed without a permit. It appears that the *Accessory Structure* is violation of the 15-foot setback requirement adjacent to Shadydale Lane. In addition, the *Accessory Structure* is situated on concrete blocks and not on a permanent concrete foundation.

FIGURE 1: IMAGE OF THE UNPERMITTED ACCESSORY STRUCTURE

CONFORMANCE WITH THE CITY’S CODES

According to Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), the Single Family 10 (SF-10) District allows a maximum of two (2) accessory structures with a maximum square footage of 144 SF each. In addition, the maximum permissible height is 15-feet, and the minimum roof pitch is 3:12. The proposed *Accessory Structure* is 240 SF or 96 SF over the maximum allowable square footage. Staff requested that the applicant provide the height and roof pitch of the unpermitted *Accessory Structure*; however, no additional information has been provided. Currently the *Accessory Structure* is situated on top of concrete blocks and is not attached to a permanent foundation. The applicant is aware of this requirement and if approved is amenable to attaching the *Accessory Structure* to a concrete foundation. In addition, the proposed *Accessory Building* is required to meet the density and dimensional requirements for a Single-Family 10 (SF-10) District as contained in Subsection 07.01, *Residential District Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), and which are summarized as follows:

<i>Ordinance Provisions</i>	<i>Zoning District Standards</i>	<i>Conformance to the Standards</i>
<i>Number of Accessory Structures Permitted</i>	2	<i>In Conformance</i>
<i>Detached Garage (Maximum Square Footage)</i>	144 SF	240 SF; <i>Not in Conformance</i>
<i>Minimum Rear Yard Setback</i>	3-Feet	<i>Unknown; Proposed 3-Feet</i>
<i>Minimum Side Yard Setback (Adjacent to Shadydale Lane)</i>	15-Feet	<i>Unknown; Proposed 15-Feet</i>
<i>Maximum Building Height</i>	15-Feet	<i>Unknown; Appears to be X<15-Feet</i>
<i>Between Buildings</i>	10-feet	<i>X>10-feet; In Conformance</i>

STAFF ANALYSIS

In reviewing a Specific Use Permit (SUP), the Planning and Zoning Commission and City Council are asked to consider: [1] if the structure was constructed without a permit or under false pretenses, [2] the size of the proposed *Accessory Structure* compared to the size of other *Accessory Structures* in the area/neighborhood/subdivision, and [3] the size, architecture, and location of the proposed accessory structure compared to those of the primary structure. In this case, the proposed request was constructed without a building permit, exceeds the maximum size requirements, and architecture does not appear to match the single-family home. In addition, the applicant has failed to provide staff with the requested information regarding the height, roof pitch, and materials. Staff completed an inventory of all *Accessory Structures* within the Foxchase Subdivision near the subject property. Based on the inventoried properties six (6) of the 57 properties had one (1) *Accessory Structure*, four (4) were unpermitted, and the largest was approximately 130 SF. This would make the applicant’s *Accessory Structure* the largest in this part of the Foxchase Subdivision.

With all this being said, a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On October 18, 2025, staff mailed 89 notices to property owners and occupants within 500-feet of the subject property. Staff also sent a notice to the Foxchase, Benton Woods, and Rainbow Lakes Homeowners Associations (HOAs), which are the only HOA or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was written, staff has received seven (7) notices in opposition and two (2) notices in favor of the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) for an *Accessory Building*, then staff would propose the following conditions of approval:

- (1) The applicants shall be responsible for maintaining compliance with the operational conditions contained within the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) The development of the *Subject Property* shall generally conform to the *Residential Plot Plan* as depicted in *Exhibit 'B'* of the Specific Use Permit (SUP) ordinance; and,
 - (b) The proposed Accessory Structure shall not exceed 240 SF; and,
 - (c) The proposed Accessory Structure shall be attached to a permanent concrete foundation; and,
 - (d) No additional Accessory Structures, Accessory Buildings, or Detached Garages shall be permitted on the *Subject Property*.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On November 11, 2025, the Planning and Zoning Commission approved a motion to recommend denial without prejudice of the SUP by a vote of 5-1, with Commissioner Roth dissenting and Commissioner Hustings absent. According to Subsection 02.03(G), *Protest of a Zoning Change*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC), if a zoning change "...is recommended for denial by the Planning and Zoning Commission, such zoning change or Specific Use Permit (SUP) shall require a supermajority vote (*i.e. a three-fourths vote of those members present*), with a minimum of four (4) votes in the affirmative required for approval."

To whom it may concern. I and my wife discussed the case and we have determined that we oppose the amendment referenced in the case. If we allow this change we forfeit our voice moving forward. We have discipline within the existing laws to enforce this violation.

I am opposed to the request for the reasons listed below.

This accessory unit does not fit in, it's way too large and tall and an eye sore to the neighbors. We are concerned if this is allowed to stay then anyone can do this too. Why have rules if we don't intend to follow them?

I am opposed to this request. The building in question is higher than the privacy fence which surrounds the area. It obstructs the skyline, and if an exception is made for this resident then more requests may be made. I have spoken with several of our neighbors, and they are against this supplemental zoning change as well.

Please deny this request.

To whom it may concern,

We are riding in regards to the case number above. It is a home on Shady Dale and the Fox Chase subdivision. We are opposed to the large building that the resident built in his backyard. The building is above the fence he has in his backyard. He is the only one in our neighborhood with a building that large.. we would prefer that he conforms to the rules of our HOA and the Rockwall planning and zoning ordinances.

Thank you,

Mr. and Mrs. Larry Keith

CASE NUMBER: Z2025-071; *Specific Use Permit (SUP) for a Residential Infill in an Established Subdivision and a Guest Quarters/Secondary Living Unit at 2592 FM 549*

SUMMARY

Hold a public hearing to discuss and consider a request by Michael Lewis for the approval of a Specific Use Permit (SUP) for *Residential Infill Adjacent to an Established Subdivision* and a *Guest Quarters/Secondary Living Unit* for the purpose of constructing a single-family home on a 5.05-acre parcel of land identified as a Lot 2, Block 1, Lofland Lake Estates Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family Estate 4.0 (SFE-4.0) District, addressed as 2592 FM-549, and take any action necessary.

BACKGROUND

The subject property was annexed on July 21, 1997, by *Ordinance No. 97-14 [Case No. A1997-001]*. At the time of annexation, the property was zoned Agricultural (AG) District. On June 3, 2002, the City Council approved a *Zoning Change [Case No. PZ2001-103]* from Agricultural (AG) District to Single-Family Estate 4.0 (SFE-4.0) District for the Lofland Lake Estates Addition including the subject property. The subject property has remained vacant since annexation.

PURPOSE

The applicant -- *Michael Lewis* -- is requesting the approval of a Specific Use Permit (SUP) for the purpose of constructing a single-family home and a *Guest Quarters/Secondary Living Unit* on the subject property in accordance with Subsection 02.03(B) (11), *Residential Infill in or Adjacent to an Established Subdivision*, and Subsection 02.03, *Conditional Land Use Standards*, of Article 04, *Permissible Uses*, of the Unified Development Code (UDC).

ADJACENT LAND USES AND ACCESS

The subject property is located at 2592 FM-549. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is a 4.00-acre parcel of land [*i.e. 2548 S FM-549*] zoned Single-Family Estate 4.0 (SFE-4.0) District. Beyond this are five (5) parcels of land [*i.e. 2516, 2480, 2424, 2390, 2380 S FM-549*] that make up a part of the Lofland Lake Estates Addition. All of these properties are developed with single-family homes and are zoned Single-Family Estate 4.0 (SFE-4.0) District except for 2390 S. FM 549, which is vacant.

South: Directly south of the subject property are two (2) parcels of land [*i.e. 2638 and 2676 S FM-549*], zoned Single Family Estate 4.0 (SFE-4.0) District, and developed with single family homes. Beyond that is seven (7) parcels of land [*i.e. 2716, 2744, 2778, 2816, 2844, 2884, and 2914 S FM-549*], zoned Single-Family Estate 2.0 (SFE-2.0) District, and developed with single family homes. Beyond this is S FM-549 which is classified as an A4D (*i.e. arterial, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

East: Directly east of the subject property is S FM-549 which is classified as an A4D (*i.e. arterial, four [4] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond that is Homestead Phase 1 Subdivision, which consists of 186 residential lots, was incorporated on

July 3, 2024, and is zoned Planned Development 92 (PD-92) for Single-Family 8.4 (SF-8.4) District land uses. Beyond this is the corporate limits of the City of Rockwall.

West: Directly west of the subject property is the Somerset Park Phase 2 Subdivision, which consists of 171 residential lots, was incorporated on August 31, 2022, and is zoned Planned Development 63 (PD-63) District for Single Family 10 (SF-10) District land uses. Beyond this is a 16.90-acre tract of land (*i.e. portion of Tract 3, Abstract No. 123, of the A Johnson Survey*), which is zoned Planned Development 103 (PD-103) for limited Commercial (C) District land uses. Beyond this is SH-205 which is classified as a P6D (*i.e. Principal Arterial, six [6] lane, divided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

CHARACTERISTICS OF THE REQUEST AND CONFORMANCE TO THE CITY'S CODES

Article 13, *Definitions*, of the Unified Development Code (UDC) defines *Residential Infill in or Adjacent to an Established Subdivision* as "(t)he new development of a single-family home or duplex on an existing vacant or undeveloped parcel of land or the redevelopment of a developed parcel of land for a new single-family home or duplex within an established subdivision that is mostly or entirely built-out." An *established subdivision* is further defined in Subsection 02.03(B) (11) of Article 04, *Permissible Uses*, of the UDC as "...a subdivision that consists of five (5) or more lots, that is 90% developed, and that has been in existence for more than ten (10) years." In this case, the subject property is located adjacent to Phase 2 of the Lofland Lake Estates Subdivision, which has been in existence for more than ten (10) years, consists of seven (7) lots, and is 100.00% developed.

The *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the UDC, requires a Specific Use Permit (SUP) for *Residential Infill in or Adjacent to an Established Subdivision* in all single-family zoning districts, the Two-Family (2F) District, the Downtown (DT) District, and the Residential-Office (RO) District. This property, being within 500-feet of an established subdivision and being zoned Single-Family Estate 4.0 (SFE-4.0) District, requires a Specific Use Permit (SUP).

In addition, Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC states that, "...the Planning and Zoning Commission and City Council shall consider the proposed size, location, and architecture of the home compared to the existing housing ... [and] (a)ll housing proposed under this section [i.e. *Residential Infill in or Adjacent to an Established Subdivision*] shall be constructed to be architecturally and visually similar or complimentary to the existing housing ...". The following is a summary of observations concerning the housing within Phase 1 & 2 of the Lofland Lake Estates Subdivision compared to the house proposed by the applicant:

Housing Design and Characteristics	Existing Housing within Lofland Lake Estates	Proposed Housing
Building Height	One (1) & Two (2) Story	One (1) Story
Building Orientation	All of the homes are oriented toward the street they are built along.	The front elevation of the home will face FM-549
Year Built	1900 - 2022	N/A
Building SF on Property	752 SF – 5,408 SF	3,287 SF
Building Architecture	Mostly Single-Family Homes	Comparable Architecture to the Surrounding New Single-Family Homes
Building Setbacks:		
Front	20-Feet or Greater	86-Feet
Side	10-feet or Greater	69-Feet
Rear	10-feet or Greater	More than 500-Feet
Building Materials	Brick, Siding, and Stone	Hardi-Board and Stone
Paint and Color		N/A
Roofs	Composite & Asphalt Shingles	Composite and Asphalt Shingle

The Specific Use Permit (SUP) request for the single-family home does appear to be in conformance with the density and dimensional requirements stipulated by the Unified Development Code (UDC). For the purpose of comparing the proposed home to the existing single-family housing located adjacent to or in the vicinity of the subject property, staff has provided photos of the properties within the Lofland Lake Estates Subdivision and the proposed building elevations in the attached packet.

According to Article 13, *Definitions*, of the Unified Development Code (UDC) a *Guest Quarters/Secondary Living Unit* is defined as "(a)n accessory building designed for the temporary occupancy of guests of the primary dwelling for which there is no remuneration and is not rented or otherwise used as separate domicile." According to the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC) a *Guest Quarters/Secondary Living Unit/Accessory Dwelling Unit* requires a Specific Use Permit (SUP) in a Single-Family Estate 4.0 (SFE-4.0) District and -- according to Subsection 02.03 -- is subject to the following *Conditional Land Use Standards*: [1] the structure must be ancillary to a single-family home, [2] the square footage of the structure shall not exceed 30.00% of the square footage of the primary structure, and [3] the structure may not be sold or conveyed separately from the single-family home without meeting the zoning requirements for the district. In addition to these requirements, a *Guest Quarters/Secondary Living Unit/Accessory Dwelling Unit* is subject to the dimensional requirements contained in Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, and the parking requirements of Article 06, *Parking and Loading*, of the Unified Development Code (UDC). As stated above, *Guest Quarters/Secondary Living Unit* are permitted to be 30.00% of the square footage of the primary structure. In this case, the applicant is permitted a 983.40 SF *Guest Quarters/Secondary Living Unit* (i.e. 3,278 SF x 30.00% = 983.4 SF) based on the operational conditions for a *Guest Quarters/Secondary Living Unit*. With that being said, the applicant is requesting a 1,267 SF *Guest Quarters/Secondary Living Unit*, which represents 38.65% of the primary structure. This is approximately 8.65% larger than what the Unified Development Code (UDC) allows. In addition, the *Guest Quarters/Secondary Living Unit* will be architecturally similar to the primary structure, meet all setback requirements, incorporate a carport, and be situated behind the primary structure as shown in the *Residential Plot Plan* depicted in *Exhibit 'B'* of the draft ordinance.

If the applicant's Specific Use Permit (SUP) is approved, staff has included operational conditions in the Specific Use Permit (SUP) ordinance that tie down the size, height, and general architecture of the proposed single-family home and *Guest Quarters/Secondary Living Unit*. With this being said, the approval of a Specific Use Permit (SUP) request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On October 22, 2025, staff mailed 60 notices to property owners and occupants within 500-feet of the subject property. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as

required by the Unified Development Code (UDC). At the time this report was written, staff had not received any notices back regarding the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) for *Residential Infill Adjacent to an Established Subdivision and Guest Quarters/Secondary Living Unit*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - a) The development of the *Subject Property* shall generally conform to the Residential Plot Plan as depicted in *Exhibit 'B'* of this ordinance.
 - b) The construction of a *Single-Family Home and Guest Quarters/Secondary Living Unit* on the *Subject Property* shall generally conform to the Building Elevations depicted in *Exhibits 'C' & 'D'* and the Floor Plans depicted in *Exhibit 'E' & 'F'* of this ordinance.
 - c) The *Guest Quarters/Secondary Living Unit* shall not exceed a maximum of 1,270 SF.
 - d) The *Guest Quarters/Secondary Living Unit* shall not incorporate kitchen facilities.
 - e) The *Guest Quarters/Secondary Living Unit* shall not be sold or conveyed separately from the single-family home without meeting the requirements of the zoning district and subdivision ordinance.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On November 11, 2025, the Planning and Zoning Commission approved a motion to approve the Specific Use Permit by a vote of 6-0, with Commissioner Hustings absent.
